

Course Evaluation Results: Property II

Dear Professor Blackman,

What follows are Fall 2017 course evaluation results for the above-referenced course. These results are based on the 45 evaluations returned, yielding a response rate of 78.95%.

At the top of page 1, the "Global Index" graph represents the combined average of all 11 evaluation questions. Underneath, the "Professor Evaluation" and "Course Evaluation" graphs represent the combined average of those question groups.

Next, the results for each individual question are displayed in a simple bar graph. To the right of each bar graph, more detailed data is displayed, as follows: number of responses to that question (n); the average response on a scale of 1 to 5 (av); the median score (md); and, the standard deviation (dev).

Finally, at the end of the report, you will find an unabridged scanned copy of all handwritten comments from your students, and a faculty "Profile" page which graphically displays your average score for each evaluation question.

Overall I believe Professor Blackman is a very bright & knowledgeable professor, however I think he would benefit from being more open to students responses during class. I felt like he was often stuck with his opinion on things that ~~are~~ in

also, he's more worried about taking us during the questions versus actually teaching us how things would work in actual practice

Respectfully, I do not think career academics provide the best teaching experience. Prof. Blackman is prepared and does try very hard however, his lack of real world experience makes me feel I am getting taught impractical theory rather than the skills I need to pass the bar/real world.

No doubt Blackman has a great command of property law. Although, he seemed to contradict himself from time to time which left a number of students confused about certain concepts. He also was very vague regarding concepts & answers, which also left a number of us confused, too. His enthusiasm & well preparedness is very apparent and something that was appreciated about him most. If he could be more clear and less contradictory, I would have no qualms w/ this class

I really like PROFESSOR BLACKMAN. NOT ONLY IS he available when you need him, but he also helped me on something outside of Property II (con law). He is very knowledgeable about everything, AND I enjoyed HAVING him as a professor.

Professor was always prepared and made preparation for the class a requirement.

Thank you for recording the classes and allowing us to meet about the mid-term

I appreciate that you record every class and give access to past semesters. It helps with understanding and scheduling when you can't make it to class.
Also liked the remote sign in option.

I really enjoyed this class, and the way Blackman teaches. His course blog is amazing - I wish every class had that and recorded every class meeting.

Very passionate about the class
+ really cares about his students

super organized course that made it easier to follow the material.

loved this class! loved the recitation style & recorded classes

Prof. Blackman is very knowledgeable but his arrogance
sometimes got in the way of me & others enjoying
the class.

Professor Blackman provided valuable insight into the world of property, in which I feel was lacking in my Property I class.

Wish he taught 600 cases, because I would try to take one of his classes as often as possible.

Prof Blackman is very intelligent and well versed in this area of law. Recitation is intimidating yet thankfully brief. The YouTube recordings are invaluable, I used them often for prep and review. I can tell Blackman is passionate about his students.

PROF. BLACKMAN IS AN ACQUIRED TASTE, BUT HE IS VERY KNOWLEDGEABLE AND CLEVER. HE IS RIGHTFULLY HARSH ON THOSE WHO COME TO CLASS UNPREPARED. I'D GLADLY TAKE ANOTHER CLASS FROM HIM.

None

Blackman gives too much of his personal opinion & not enough black letter law

cannot answer questions about practical application of the law.

Excellent class... except... Prof. Blackman has no interest in answering questions about information in supplementary ^(review) materials. Other than that, excellent class!

It is sometimes frustrating to have general or ~~non-specific~~ non-specific questions be answered with ~~absolute~~ absolute true/false answers without specific considerations.

Overall a good prof. Recorded lectures are helpful (from last year). Sometimes I feel like he treats us like children which is my only criticism. I think it's a tone thing. Again, though, I was happy with the class and surprised at how much I enjoyed learning about the material. Good job, Josh!

Great Professor!
Love the organization and structure of this class, I definitely had a better understanding of Property after this class.

I do not feel more prepared or knowledgeable about Prop II Subject matter than I was starting this class. The recitation process was unhelpful and sometimes hurt my ability to understand cases and concepts. I would recommend being more forthright in explaining the course objectives. At this point I do not believe this course will help ^{on the way}

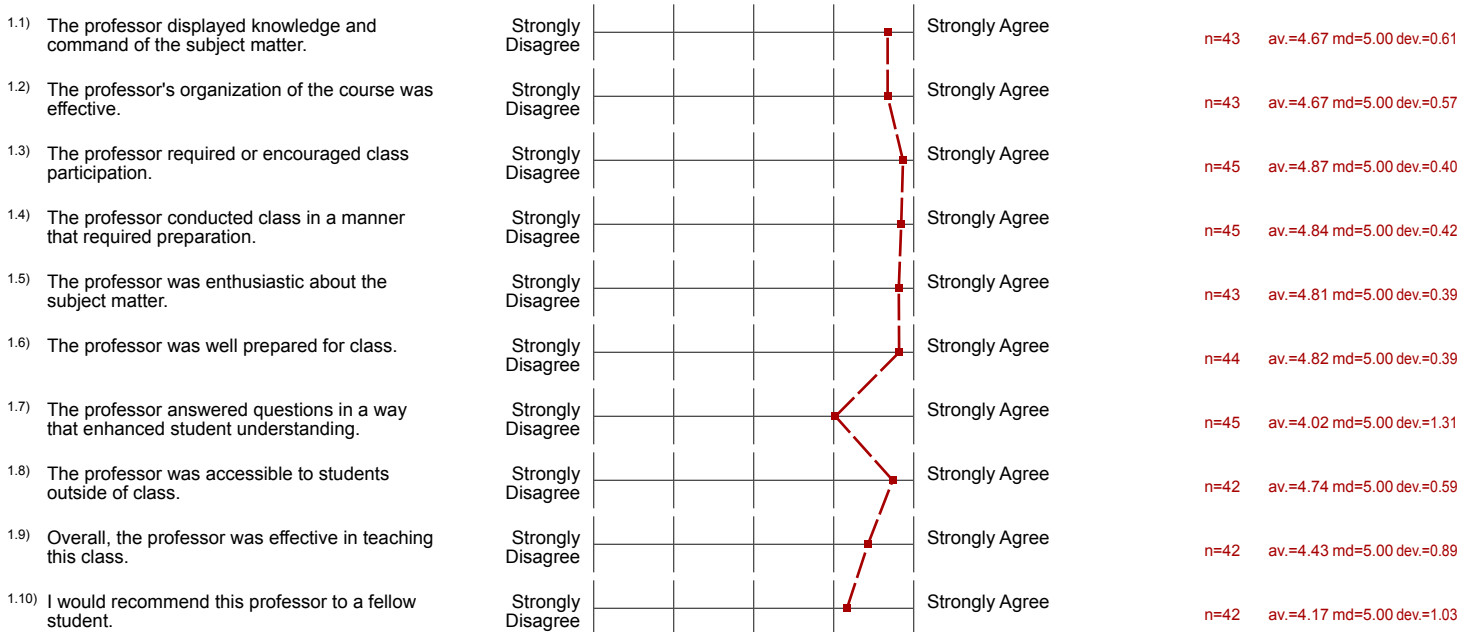

I think Prof. Blackman was more interested in being tricky + clever than he was in teaching the class. I don't feel like I learned as much as I should have + that was disappointing. What's the point of answering multiple choice / true false questions if there is no answer + it isn't going to enhance learning in any way.
