Course Evaluation Results: Property I

Dear Professor Blackman,

What follows are Spring 2018 course evaluation results for the above-referenced course. These results are based on the 76 evaluations returned, yielding a response rate of 91.57%.

At the top of page 1, the "Global Index" graph represents the combined average of all 11 evaluation questions. Underneath, the "Professor Evaluation" and "Course Evaluation" graphs represent the combined average of those question groups.

Next, the results for each individual question are displayed in a simple bar graph. To the right of each bar graph, more detailed data is displayed, as follows: number of responses to that question (n); the average response on a scale of 1 to 5 (av); the median score (md); and, the standard deviation (dev).

Finally, at the end of the report, you will find an unabridged scanned copy of all handwritten comments from your students, and a faculty "Profile" page which graphically displays your average score for each evaluation question.

3.1) Please provide any additional comments about the course or professor in the space below.

Prof. Blackman is the best professor I had so far in STL. His recitation style not only required preparation, but also broke my public presentation speaking fear. He puts all of his lectures online, so it was very convenient and cool tool to listen to lectures on the go in the car, etc. Professor Cohn, you have a competitor for award.
Maybe tune attendance the traditional way.

Fantastic class
Non-department related

Too smart for his own good... lol...
that...probably why you got protested.

Unengaging teaching method & genuine concern.
Did not have an appreciable amount of feedback on our class.

I didn't think that I would enjoy this class as much as I did. I think that you should encourage the other pros to use the rest app since some people come late every class & are allowed to sign in. Watch out for people moving around to avoid being called on.
Professor Blackman is a rare teacher in that he cares for his students and his passion for education shows through his teaching style. I feel very fortunate to have been one of his students and I hope he continues to teach and continue the way he teaches.

I really appreciate that we stay on pace of our schedule. I also really like the seminar format of class participation.

THANK YOU!
Blackman is the man.

Enthusiastic and commanded the material thoroughly.
Great professor. Attendance method (Reef) could be done away with.

I revewn this me best.

Very knowledgeable and great at teaching!

I have learned so much from Professor Blackman.

Phenomenal professor. Curses and though.

Loved that he had previous classes to watch and that he took the time to meet and get to know all of us. Overall would take more classes from him.
He made learning property law interesting. His recitation method can be stressful but it is still effective.

I felt Professor Blackman was efficient, knowledgeable, and pretty witty, which helped. I also liked his innovative approach of checking in to class.

I think there should be free or devoted into our tuition.

Very effective in teaching the material and open to suggestions. He creates interesting class discussions. Should continue with making the teacher answer for the mid term.

Very effective teaching method.
He is one of my favourite professors. He teaches the class in a way that ensures every student learns and knows the material.

Very good professor! Extremely intelligent!
you made the class very interesting.

High recitation keeps everyone on their feet!

Professor was well prepared and taught material clearly.

Mode class interesting and effective.
Way to go!
Great Teacher.

Cool Dude, very knowledgeable.

Blackman is really organized, enjoyed his class and the way he sets it up.

Over-complicates things with mandatory meetings with him about the midterm. Paying for iClicker Reel is unnecessary.
Great command of the law; and willing to help with understanding when needed. Enjoyed random recitation. Course materials were accessible and helpful. Videos were helpful when reviewing concepts.

More practice problems online.
Very interesting

Very practical information...

Good class organization & participation
One of the more fun classes thus far.

Quirky software check-in should be secondary to paper roll until perfected/dependable across platforms.
His style of teaching was very helpful to me. I was able to get a good understanding of the concepts.

Great Prof! Great Teaching!
I really enjoyed Professor Blackman's unique teaching style, it forced me to pay attention and I feel like I have learned so much from his class.

Great!
The best recitation style of all the professors.
Professor Blackman has been the professor that demands the most preparation from students, however, it's well warranted and gets students ready for his exams.

I LOVE THIS CLASS AND PROFESSOR BLACKMAN! If you had told me I would feel this way at the end of the semester, I wouldn't have believed you. After the first class, I thought Blackman was one of the most pompous and arrogant people ever - but he isn't! He is simply one of the smartest and dedicated caring people I have met. It is
