

Course Evaluation Results: Constitutional Law

Dear Professor Blackman,

What follows are Fall 2018 course evaluation results for the above-referenced course. These results are based on the 44 evaluations returned, yielding a response rate of 88%.

At the top of page 1, the "Global Index" graph represents the combined average of all 11 evaluation questions. Underneath, the "Professor Evaluation" and "Course Evaluation" graphs represent the combined average of those question groups.

Next, the results for each individual question are displayed in a simple bar graph. To the right of each bar graph, more detailed data is displayed, as follows: number of responses to that question (n); the average response on a scale of 1 to 5 (av); the median score (md); and, the standard deviation (dev).

Finally, at the end of the report, you will find an unabridged scanned copy of all handwritten comments from your students, and a faculty "Profile" page which graphically displays your average score for each evaluation question.

3.1) Please provide any additional comments about the course or professor in the space below.

I was actually looking forward to this course until it actually began. Blackman did not allow the course to flow as one would expect. He pushed his own agenda and allowed students to say the most unnecessary biased comments. It was very much a dictatorship. I want to take 1st amendment but cannot because I cannot take a course on free speech when my speech is abridged. The readings were unnecessary!! There were so many cases so small that it was impossible to discuss anything in detail. I do not believe we learned anything that will prepare us for the bar exam.

PRESENTED BALANCED CONTEXT AND PHILOSOPHIES TO HELP US UNDERSTAND BOTH THE MATERIAL AND HISTORICAL CONSCIOUSNESS - REALLY APPRECIATED THAT HE WAS ALWAYS WILLING AND AVAILABLE TO ANSWER QUESTIONS.

make sure you are ready for class. I like the way he calls on ppl.

Blackman is very knowledgeable. Especially on the Constitution.

Extremely knowledgeable. Fair. Great response time when you ask for help. Always required participation in class. Great learning atmosphere. One of the best profs thus far. Would take his classes again. Took the "attacks" from fellow classmates in a very professional manner.

Awesome class. Great at validating student's opinions on sensitive subject matters. Provides amazing resources: videos, past exams, charts. Will take this prof. again!

alot of material to cover, way to much reading for part time students, better way to summarize main topics, very interactive

JB is the GOAT.

Thanks Professor, keep up the good work 😊

I really enjoyed this class. Thank you! 😊

Professor Blackman, I have had enough evidence to conclude that you are an ~~oppressor~~ ~~obsessor~~. You are obsessed with being the best professor ever so much, that you gave us incredible patience during your lectures; you came on campus on the weekend regardless if it was raining, flooding or 8:00 at night to make sure we get the most of your course; you gave us all the resources to help us excel...
As a result, you are sentenced to have a wonderful holiday without us!!
Thank you for all you do, Professor!! 😊

Professor Blackman's teaching style reflected his political leanings towards Federalism + Originalism. His preference for specific Justices clouded effective case analysis. I was initially very excited about this class because of my affinity for the Const. However, Blackman significantly ruined that for me.

Meaningful discussion should be allowed, however people who only ask questions to waste time or air out things ~~that~~ that add absolutely nothing to the class, should be restrained. Some topics were discussed with great bias and a general lack of understanding.

Very fair, allows everyone to ask questions to no end. Well prepared. Great Discussions, I have learned so much. Professor Blackman You are Amazing! Amazing! Amazing!

If every ~~prof~~ professor were like Josh, our lives would be more stressful, but our legal education would be more robust.

one of my favorite courses. Excessive amount of reading.

Read your cases! ~~Cover~~ Good insight on staying neutral on all the issues.

Important information, work load difficult. This course should be broken up into two parts.

Very Thorough and straight Forward.

Enjoyed the course although the subject matter was difficult to discuss, at times.

The testing style is novel and good. However running around asking questions doesn't improve learning. This professor takes time to get to the point.

The recitation was tough. ~~at~~ Obviously very knowledgeable about material. Accessing blog rather than Stanley could be tedious.

my favorite class so far. Prof. Blackman really challenges us but made the subject matter interesting. This class (the cases) made me uncomfortable at times, but Blackman did a good job of helping me through!

I really liked how he did participation. It requires a lot of preparation. I think having more notes accessible throughout semester would be nice and helpful. Also allows for better ~~outline~~ outlining of thoughts / Professor commentary. Really liked mandatory reviews but would suggest having them early in semester.

The amount of reading required for this course is crazy. You spend more time trying to keep up w/ reading rather than taking in the knowledge. This course requires 3 times the time on any other class.

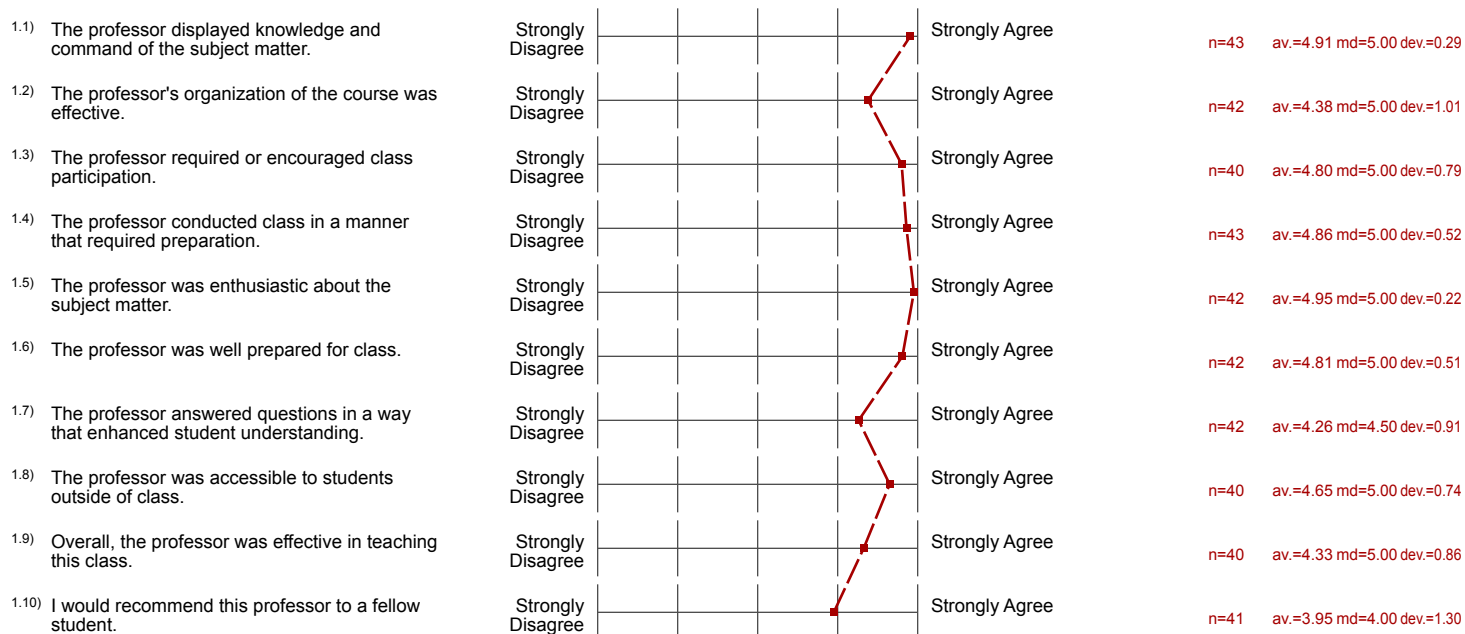

Do not use Josh Blackman as a ~~professor~~ professor at STCL!!
Although I think other students will say otherwise he presented all issues from all facets
